

Wyndham – Public Tariff Rates and Terms and Conditions

Effective – 01/10/2025

This schedule outlines services provided, fees for additional services and terms and conditions for the tug operations at Wyndham.

A reference to a booking includes a booking by the vessel owner, agent or other intermediary or customer. All bookings are deemed to have been made by or authorised by the vessel owner, agent, intermediary or customer. Services provided by Engage Marine as a result of a direction from the Harbour Master will be deemed to be authorised by the vessel owner, agent, intermediary or customer and with charges payable in full for those services.

A booking is for a vessel and the tug and/or lines services related to that vessel.

Towage rates are charged on the basis of Gross Tonnage (GT) of a vessel as listed in the current edition of Lloyd’s Register of shipping (as per table below).

Tug requirements for each vessel movement is at the discretion of the local regulatory authority and/or customer and not determined by Engage Marine.

All rates are in Australian dollars (AUD) and unless specified are exclusive of GST.

Towage Rates per Tug

The towage rates shown below are to assist a vessel arriving at, or departing from, a berth within the limits of the port at any time using their own power. The towage rates apply to each tug booked and cover the first two and a half (2.5) hours of attendance.

All jobs commence the earlier of 15 minutes prior to the booked job time or when engaged by the pilot and concludes when released by the pilot.
